*Bio Matrix M.D.*

*Fem Balance*

BIO MATRIX M.D.

BIO MATRIX M.D.

**Why These Natural Ingredients?**

**Black Cohosh**

Our optimal use of Black Cohosh has been shown to significantly reduce mild menopause-related symptoms, even when compared to other regimens in double blind, placebo-controlled studies. Acknowledged by the German Commission E Monograph for the maintenance of a normal, healthy function during menopause.

**Protykin**

This extract of Polygonum cuspidatum is high in trans-resveratrol, the same dietary phytoestrogen found in grapes and red wine. Its unique structure allows for estrogenic and anti-estrogenic activities while also providing cardioprotective effects.

**Gamma Oryzanol**

Studies have shown that Gamma Oryzanol helps with common menopausal symptoms such as hot flashes while also showing improved lipid profiles in women.

**Support for:**

- Menopausal Women
- Perimenopausal Women
- Hot Flashes

**The Fem Balance Difference:**

- Strong formulation dosed for maximum convenience
- Comprehensive formula helps hot flashes in addition to having cardioprotective properties

**Contraindications, Adverse or Other**

**Reactions:**

Consult your doctor if pregnant.

*Support for menopausal women should be as natural as the hormonal transition itself. Fem Balance is a scientifically balanced phytoestrogenic formula for support during menopausal transition.*
